

Frost & Sullivan Recognizes Outstanding Companies at 2015 Philippines Excellence Awards

Manila, Philippines, 16 July 2015 – Frost & Sullivan today honored and recognized Philippine's best at the 2015 Frost & Sullivan Philippines Excellence Awards luncheon held at the Makati Shangri-la Hotel, Manila.

First founded in 2012, the Philippines Awards program began on showcasing outstanding IT and Telecommunications companies in the local market. This year, the Awards program also included other prominent companies in the Philippines from the Logistics, Building Technologies, Energy, Environment and Agriculture sectors.

“We are pleased to celebrate these local outstanding talents and their achievements at the annual awards in Philippines. We hope these awards will spur these industries forward by highlighting leading companies and individuals who inspire and influence the industry's performance,” said Ajay Sunder, Vice President at Frost & Sullivan Asia Pacific.

The 2015 Philippines Excellence Awards recipients were identified based on an in-depth interviews, analysis, and extensive secondary research conducted by Frost & Sullivan's analysts. Companies are typically studied on their revenue growth, market share in a specific category and growth in market share, leadership in new product introduction and innovation, breadth of products and solutions, major customer acquisitions, as well as business and market strategy in order to identify best practices.
